Sandy Seerease searches Celeste Parker's arm for incriminating evidence after an Algebra II test as Kristy Witt innocently looks on.

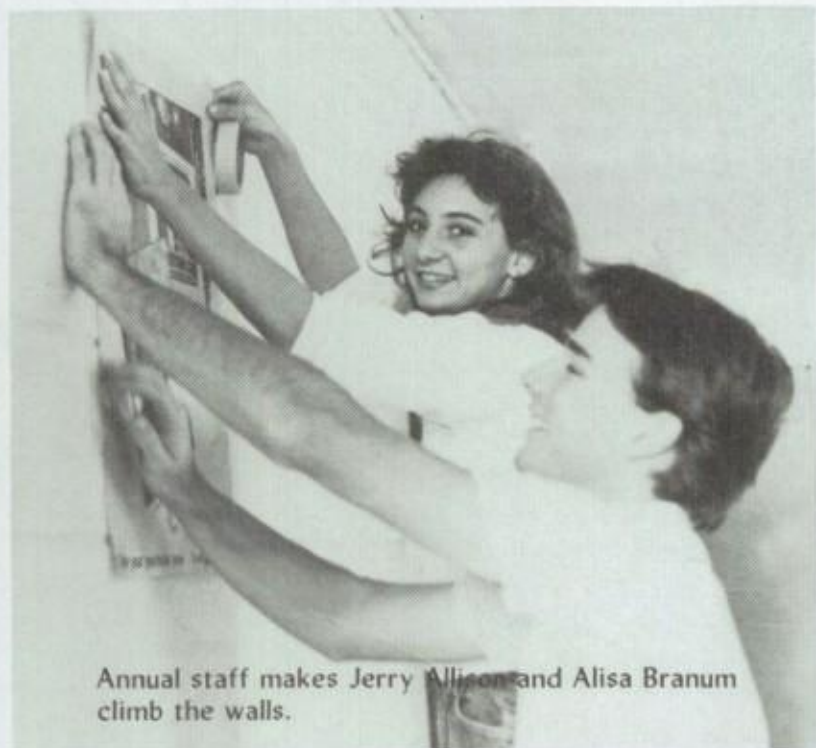

We Built This City On...

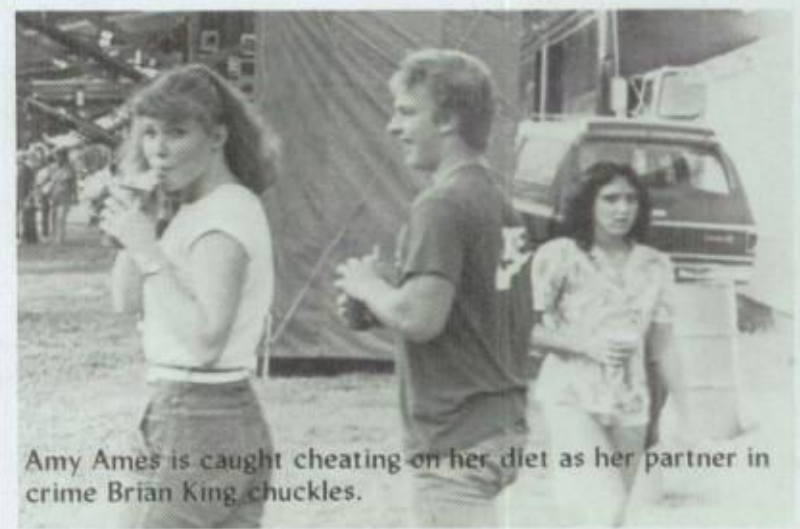

Dustin Caplinger and Eddie Exum gain vast knowledge by studying in the library.

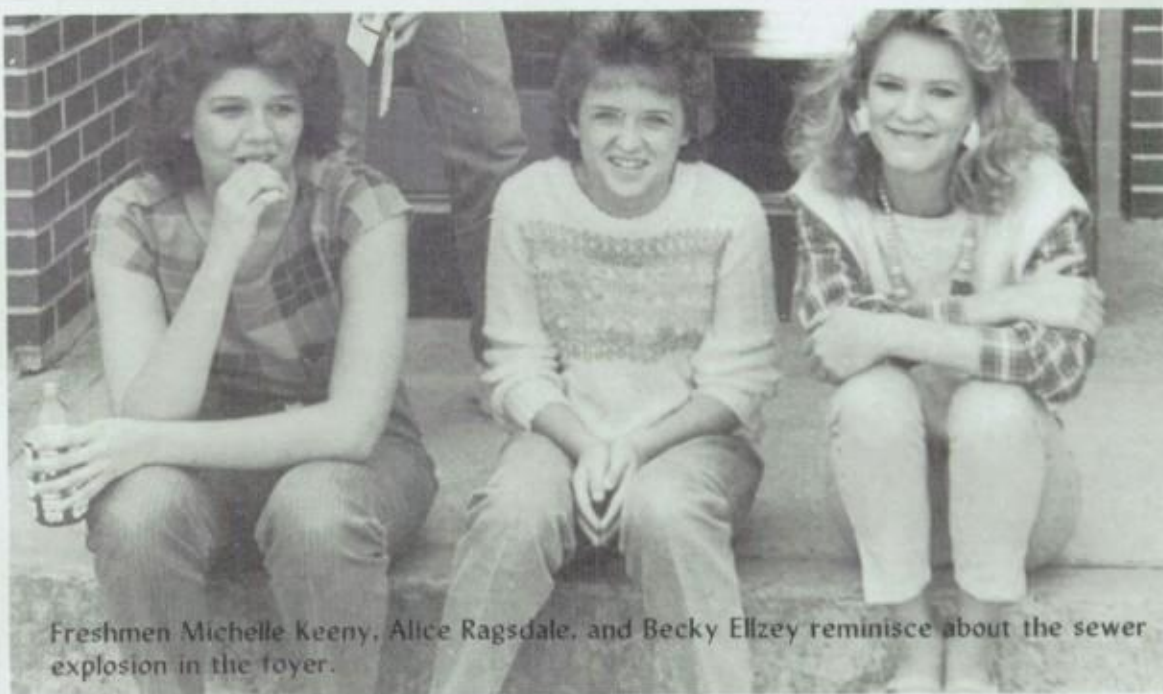

Tommy Brown shows his disgust as Scott Harper and Craig King model for the camera.

Annual staff makes Jerry Allison and Alisa Branum climb the walls.

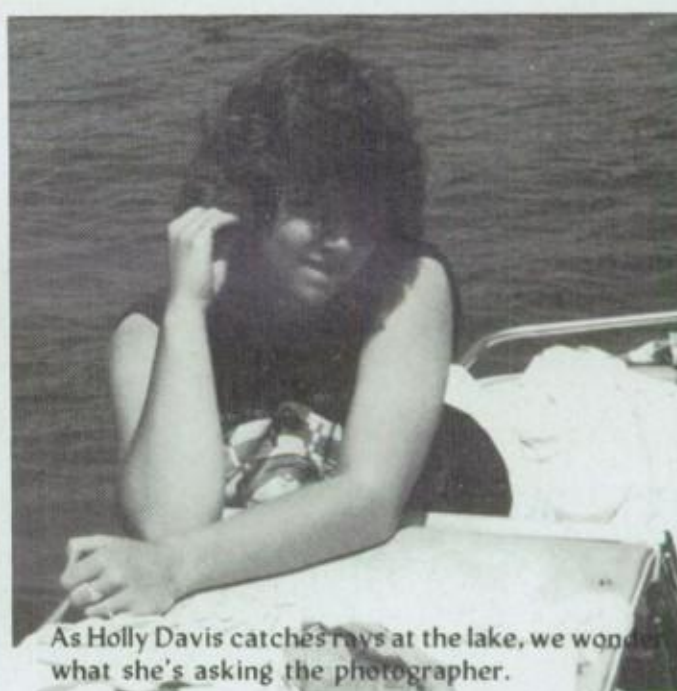

Amy Ames is caught cheating on her diet as her partner in crime Brian King chuckles.

Freshmen Michelle Keeny, Alice Ragsdale, and Becky Ellzey reminisce about the sewer explosion in the foyer.

Glamour girls Holleah Heeb, Leah Wallace, Misti Eastin, and Alisa Branum strike a pose for the camera.

As Holly Davis catches rays at the lake, we wonder what she's asking the photographer.

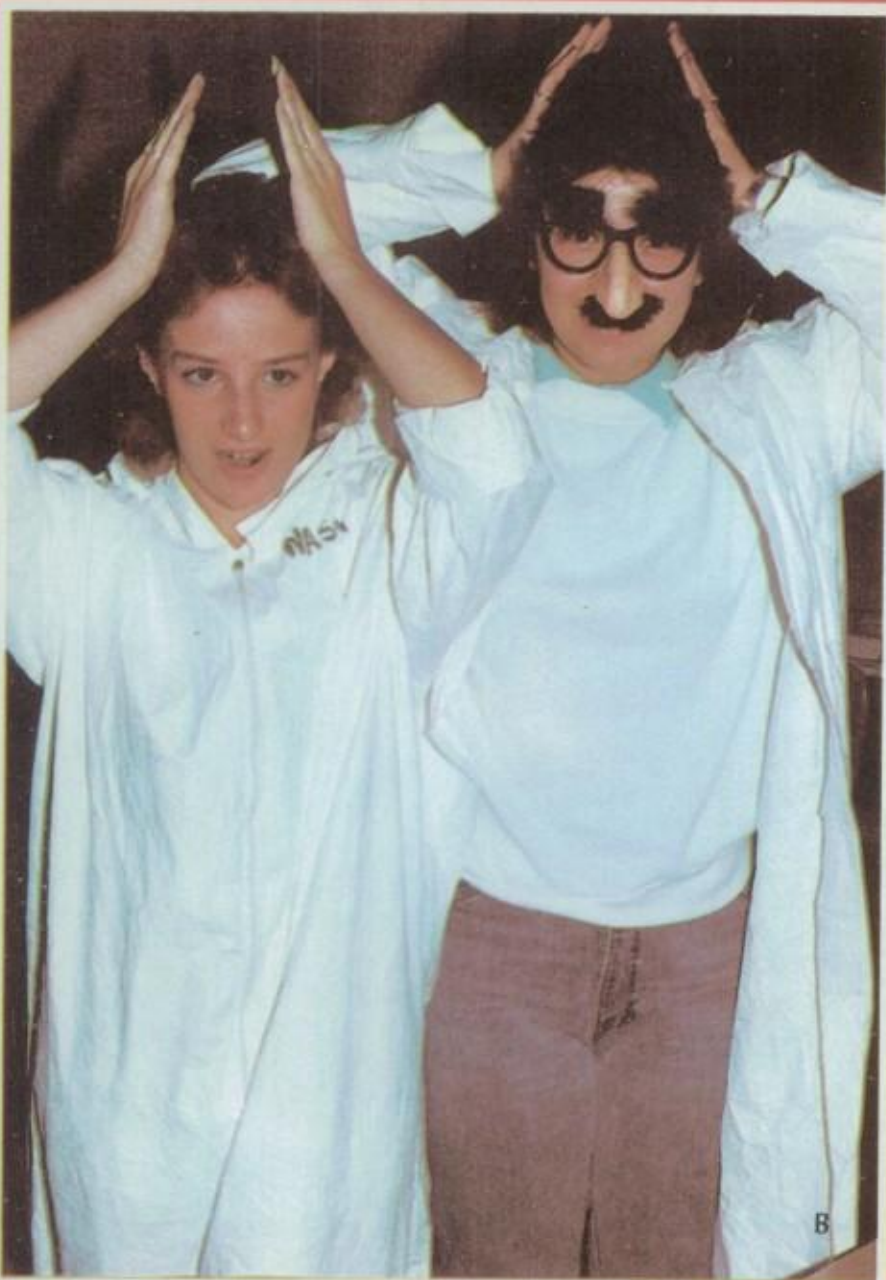

Kim N... Greg Reddmann, and ... enjoy the banquet at the ... convention, as we can tell by the pleasant looks on their faces.

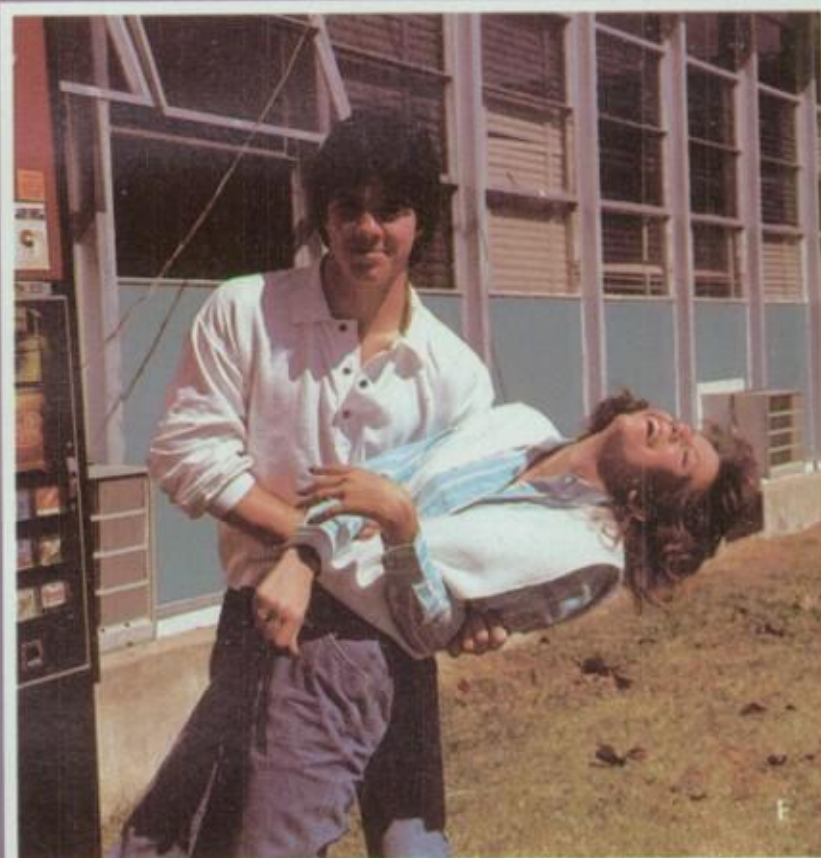

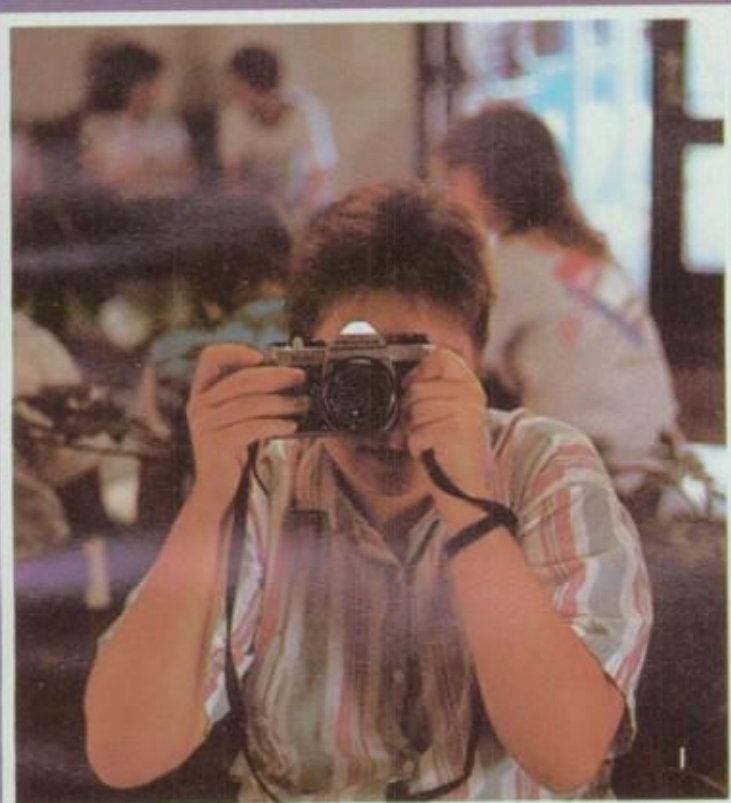

Teresa Pace gloats over her chemistry grade as Holly Long spies a bug in her milkshake and Donna Heath checks Mr. Masson's figuring on her test.

This Moment

I may never see tomorrow; there's no written guarantee.
And things that happened yesterday belong to history.
I cannot predict the future, and I cannot change the past.
I have just the present moment; I must treat it as my last.

I must use this moment wisely for it soon will pass away.
And be lost to me forever as a part of yesterday.
I must exercise compassion, help the fallen to their feet.
Be a friend unto the friendless, make an empty life complete.

I must make this moment precious for it will not come again.
And I can never be content with things that might have been.
Kind words I fail to say this day may ever be unsaid.
For I know not how short may be the path that lies ahead.

The unkind things I do today may never be undone.
And friendships that I fail to win may nevermore be won.
I may not have another chance on bended knee to pray.
And thank my God with humble heart for giving me this day.

I may never see tomorrow, but this moment is my own.
It's mine to use or cast aside; the choice is mine, alone.
I have just this precious moment in the sunlight of today.
Where the dawning of tomorrow meets the dusk of yesterday.

Student Council Pres.

Being Student Council President was a goal which I set a few years ago. It shows with hard work and dedication your goals can be achieved. Like an upper classman once told me, set goals and believe in yourself. I encourage everyone to set goals and "Go For It".

I would like to thank everyone who stood behind me, and supported the council and me this year. I also want to thank Johnita Faulkner and Bob McKeel for all the help and support which they gave me. We all had our differences throughout the year, but we always worked them out in one way or the other.

Goals set,
are goals to achieve!

Good luck

A Note From The Editor

Andrea Siler, Editor

Serving as editor of the 1985-86 yearbook has been a demanding, yet enjoyable experience. Everyday was a new challenge for each member to meet. With deadlines to meet, spreads to draw up, and pictures to take, we all had to pull together to produce an annual we could all be proud of. It took many hours, hard work, determination, and a few tears to meet each deadline. Sometimes it seemed giving up was the best thing to do, but we managed to pull through the tough times and produce a yearbook that we hope you will cherish many years.

I would like to thank the following people — without their dedication and hard work this annual would not be possible: SELENA CAPLINGER - for the long hours spent on each spread. Thanks for all your support and encouragement. KERI HENDERSON - for your hard work in the business department. BART FAULKNER AND GREG REDDMANN - for the many hours spent taking and developing pictures. AMY AMES - for your ability to organize all the picture taking. MISTI EASTIN - for all the hours spent taking pictures. ALISA BRANUM - for all the extra work, drawing up spreads no one else wanted to do, working hard everyday, always being there to lend a hand, and your dependability and dedication to the job. TRICIA COX - for always being there and working hard every day. Thanks for your interest and dependability. JERRY ALLISON - for your creativity, long hours of hard work, and the continuous supply of songs and ideas for each spread. MICKEY RYAN - for all your hard work on the sports pages and the ability to come up with a song title for each spread. CELESTE PARKER - for all your help with Little Mr. and Miss HHS contest and the hard work and long hours spent on each spread. HOLLEAH HEEB - for all the hours spent drawing up cheerleading spreads. Last but not least I would like to thank MRS. JUNE MASSON for her time and her ability to listen to all my problems and still smile. TO EACH PERSON, AGAIN THANKS!!!

SINCERELY,
ANDREA SILER, EDITOR

The responsibility of educating the youth of any community rests with the parents and others residing in that particular area. It is an awesome responsibility that must be faced daily.

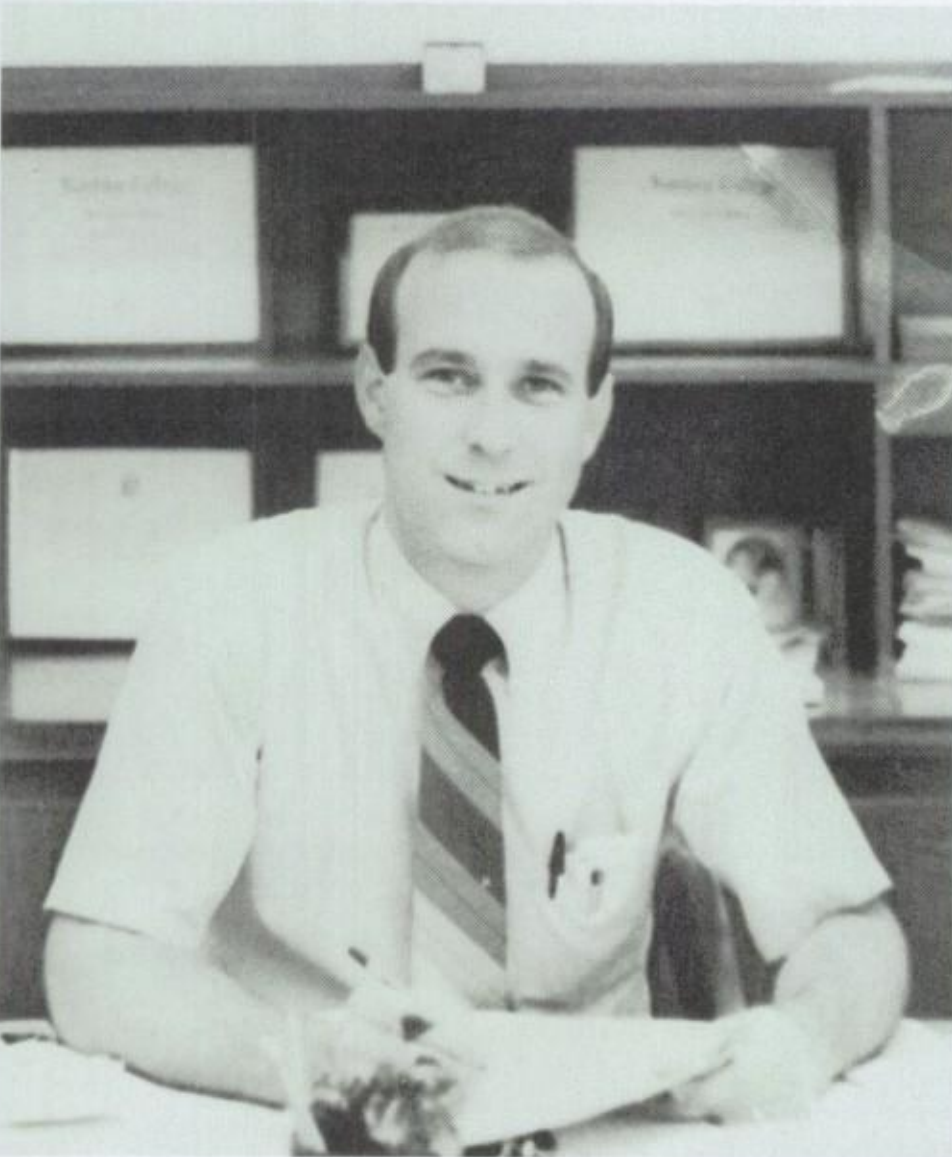

The community through its representatives on the Board of Education must, with the best interest of the students in mind, hire a competent staff to deliver the desired program to the students and allow this process to be carried out without interference from anyone. Public schools exist for the welfare of its students only and should not be allowed ever to become a political sub-division manipulated by anyone.

The schools should reflect the attitude of the community in respect for itself. The school will be a mirror and the values of the community will be obvious.

Arkansas is on the threshold of becoming a leader in public education. However, before this can be realized, all facets of the public school organizational structure must be placed in its proper perspective.

I feel the Harrisburg Community is generally supportive of a good school program. We have the staff to support good curriculum. If we can put all facets of school operation in its proper perspective, good things will happen in Harrisburg.

Jim Parrish
Superintendent

American education is an important opportunity for all children. However, this opportunity should only be afforded to those who display learning aggressiveness, respect for all, and goal-oriented behavior.

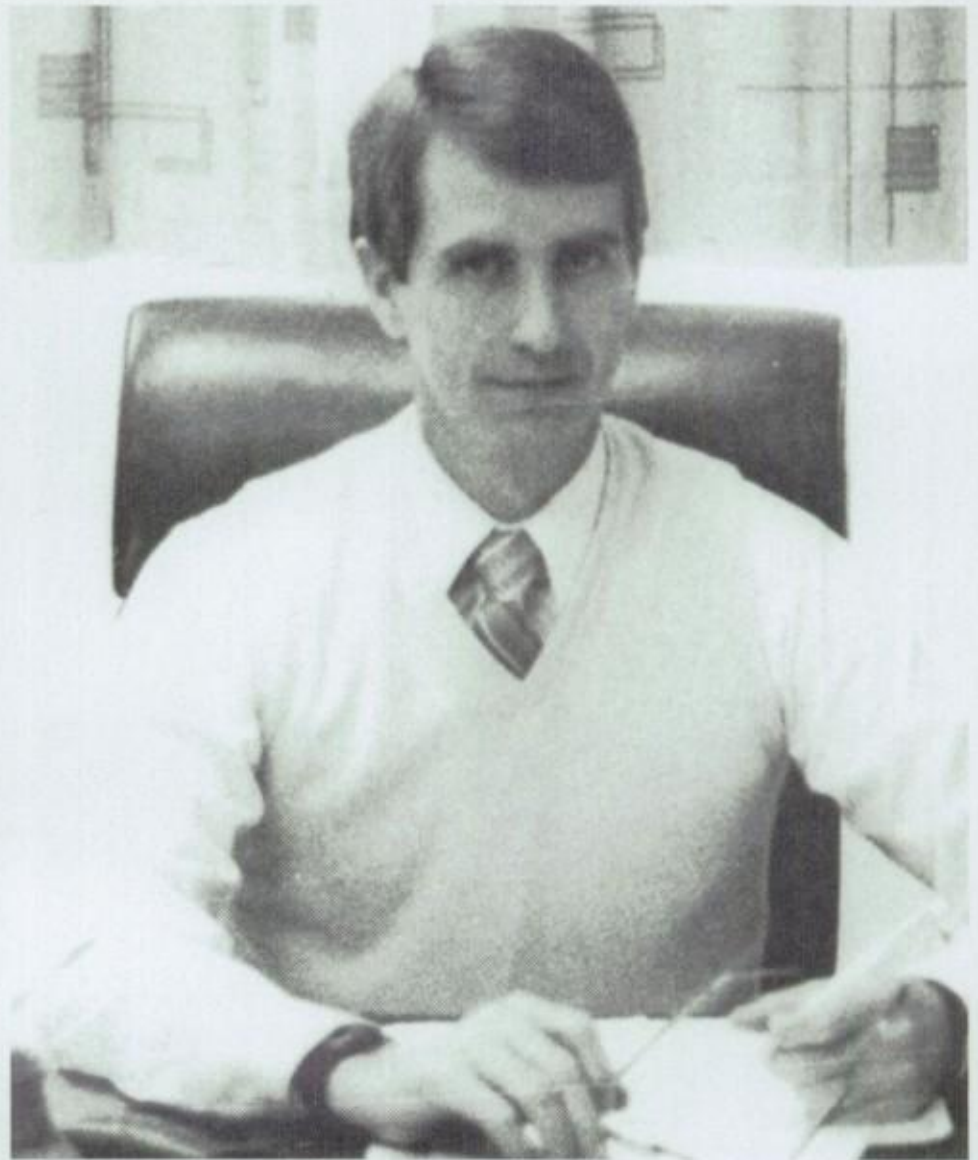

Carefully selected, highly trained teachers and administrators are responsible for preparing our precious children for life. This task is completed with input and participation from an informed supportive community.

Robert McKeel
High School Principal

“Total Control”

The middle school years are a time of phenomenal growth and development. Students leave elementary school as small children and enter high school as young adults. In between they grow physically, emotionally, and educationally. The passage through the middle school is sometimes fun, sometimes not; sometimes good, sometimes hard; but always changing with every passing week. Each student charts his or her own way through these difficult years. Some see mostly good times, a few mostly bad; but each has the opportunity to control the route he takes. Make sure you steer the right path for yourself.

Ron Bishop
Middle School Principal

Public schools today are providing a much broader curriculum than ever before. Both students and teachers have to be alert to the changing times and be willing to make the changes placed upon them. Students today are entering school much more knowledgeable than their parents were at that age. This is due primarily to broader communication and the experiences provided them. We as educators, endeavor to provide a curriculum that will stimulate more critical and creative thinking as well as providing experiences that expose students to many community resources.

Coaches "When The Going Gets Tough -

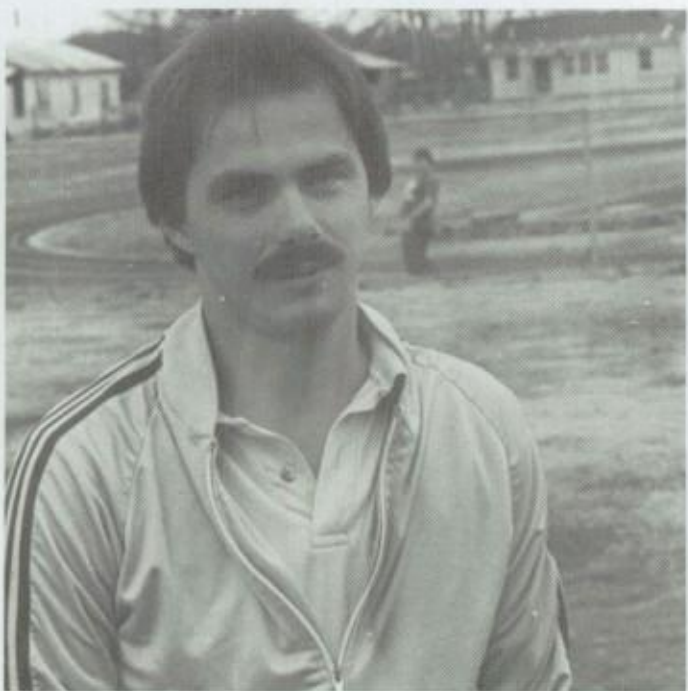

The 1985 volleyball season was filled with many ups and downs. Participation in Jr. High and Sr. High was the highest ever in Lady Hornet Volleyball History. The overall skill level and enthusiasm was the best ever shown in the five years volleyball has been at Harrisburg. The Jr. High finished 2nd place in the conference to finish their season with a great record. The Sr. High did not produce a great record, but the season did produce many individual victories. We were hampered by a young squad, without seniors to produce team leadership. However, our sophomores have gained valuable playing experience and can look forward to a greater season next year as all of our starting players will be returning.

COACH JANIS COOPER

The girls 85-86 basketball season thus far, has not been a smooth one. Junior High has a high degree of skill and potential, with 14 players, 7 of which are 9th graders. The ability is there, its just a matter of time when it will pull together. This was a hard year of changes for both teams - a new coach, losing players with any kind of height which is needed to compete on an even basis with other teams. There are 7 players on the senior team, 5 are sophomores, the other 2 are juniors. This speaks for itself. It is a very young and inexperienced team. But with time comes experience. We are building everyday, and the day will come when we will not be the underdog. They are a great group of girls to work with, and I look forward to finishing the year on a brighter note.

COACH PAM GREY

The Junior High program finished the year with a 1-7 record. The team started 8th graders who will be returning next year. It was a very inexperienced team who had to compete with teams composed primarily of 9th graders. The team played hard throughout the year. I was proud of the effort given.

COACH DOUG WORLEY

The Tough Get Going"

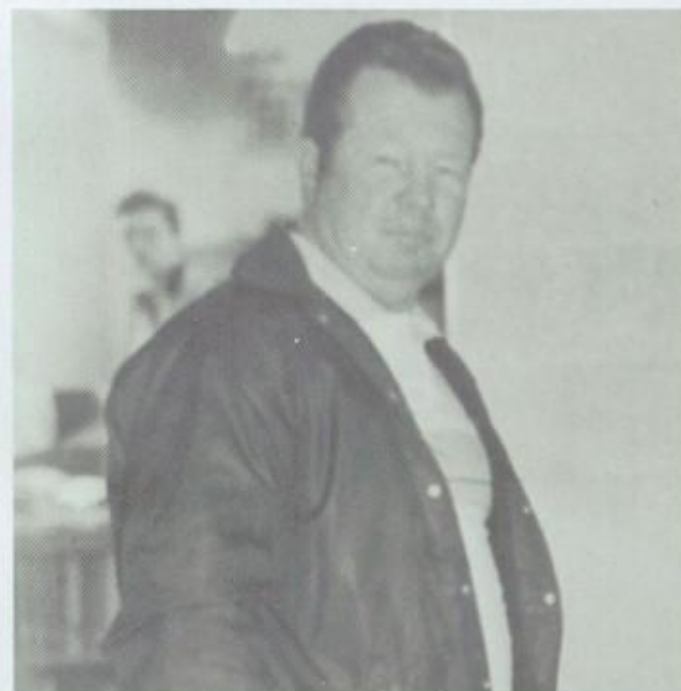

The 1985 senior football team finished with a record of two wins and eight losses, but with only three seniors playing, this was an improvement over the previous years. The hard playing of this team gained a lot of respect for the Hornet team. The real bright spot was the defensive effort of this young team. Keith Davis and Jon Sumpter finished the year as two of the top defenders in the state. Earning All-District for their play were Keith Davis and Jon Sumpter. Kevin Harlson, Dean Farr, Brian King, and Mitchell King played well and received honorable mention. Credit is given to the entire team of seventeen young men for their improvement this year.

COACH SUMPTER

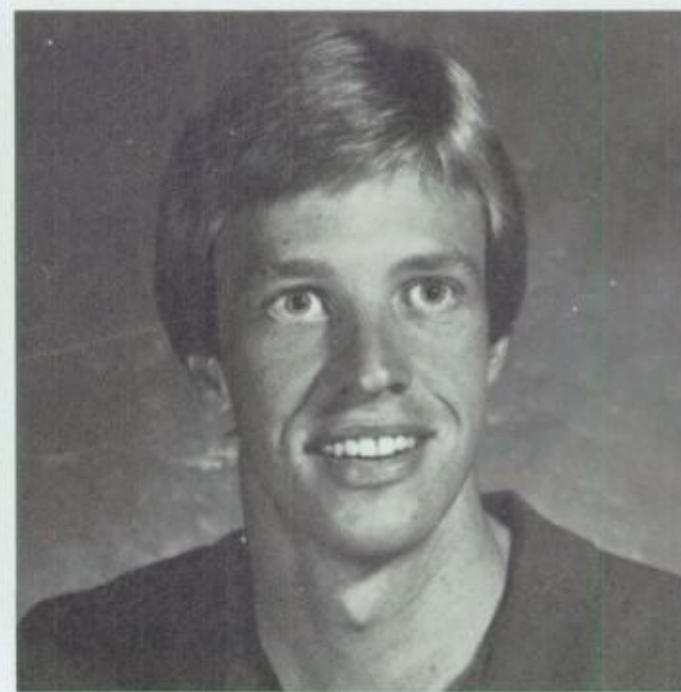

In terms of winning and losing our basketball teams have not been on a championship level. I do believe that our players have learned a great deal about character, hard work, and sportsmanship. The players have shown a great deal of poise and stability in spite of our inability to win. It is very hard to keep working and to be enthusiastic and loyal under these circumstances. I hope that our players will continue to fight to develop a winning program. A great deal of credit should be given to these young men. I have truly enjoyed working with these young athletes.

COACH MICHEAL DEATON

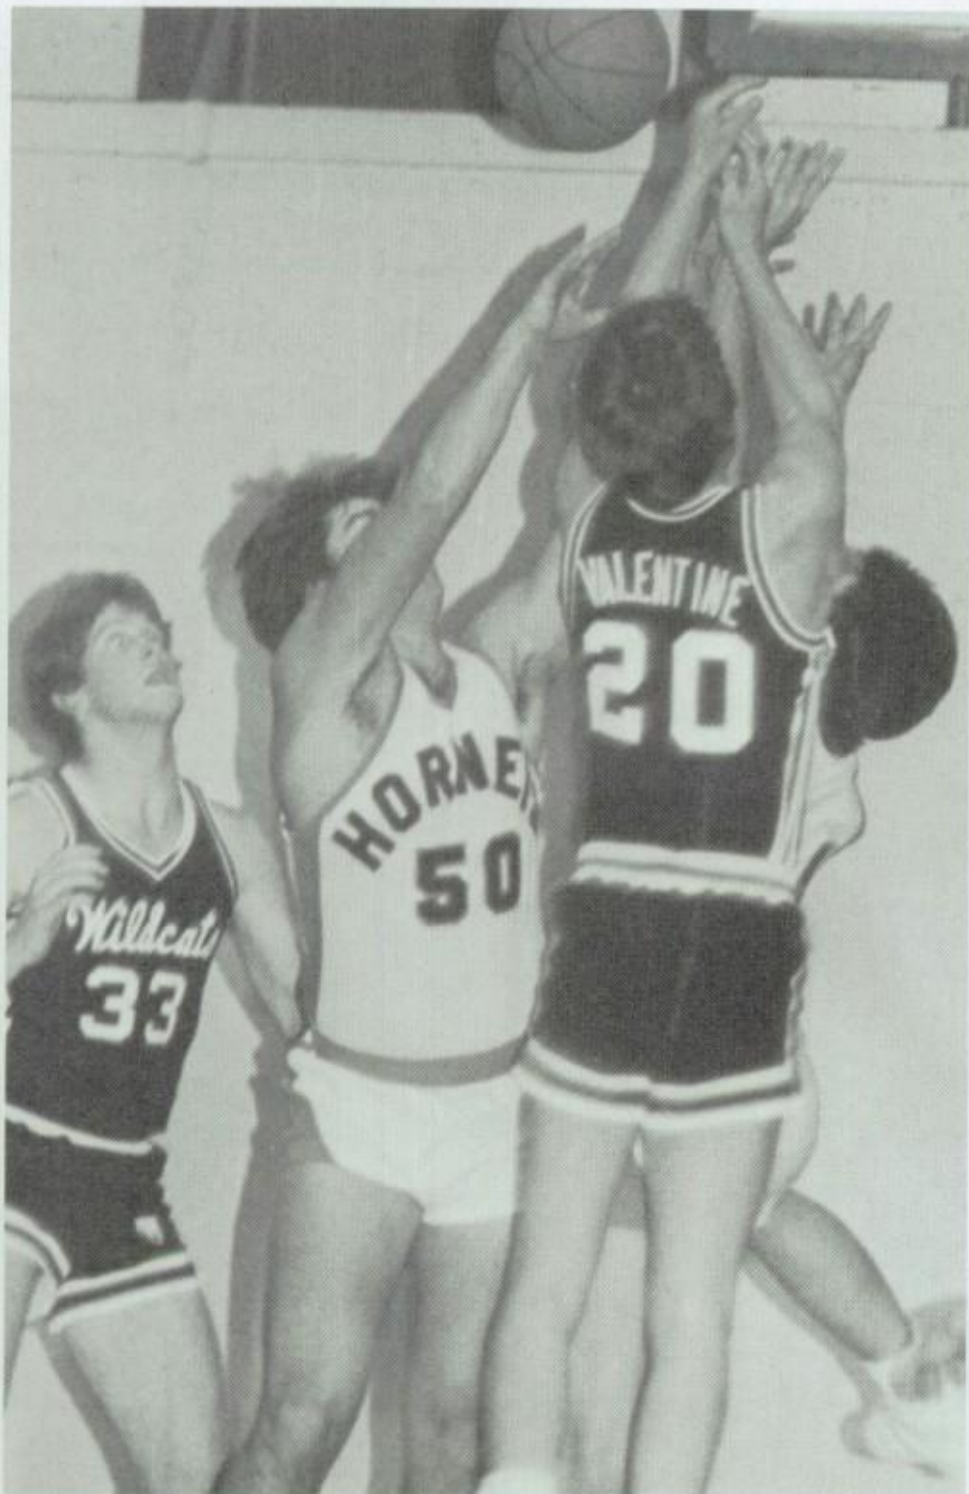

The 85-86 season has been a tough one for Harrisburg as far as wins and losses are concerned. Although several games have been lost on the scoreboard, the players themselves have proved that they are not losers. There is a great deal between losing and being a loser. I feel like the players have never given up, even at the hardest times. They have kept a good positive attitude and have shown the dedication that is common among winners. Being a winner is a tremendous asset that each of these players posses and will carry throughout life. It is these type of young men that makes me proud to be a part of Harrisburg Athletics.

Precious Memories

In Loving Memory

Of

Johnnie,

Greg, and

Courtnee

Henderson

Near shaddy wall a rose once grew,
Budded and blossomed in God's free light,
Watered and fed by morning dew,
Shedding its sweetness day and night.

As it grew and blossomed fair and tall,
Slowly rising to loftier height,
It came to a crevice in the wall
Through which there shone a beam of light.

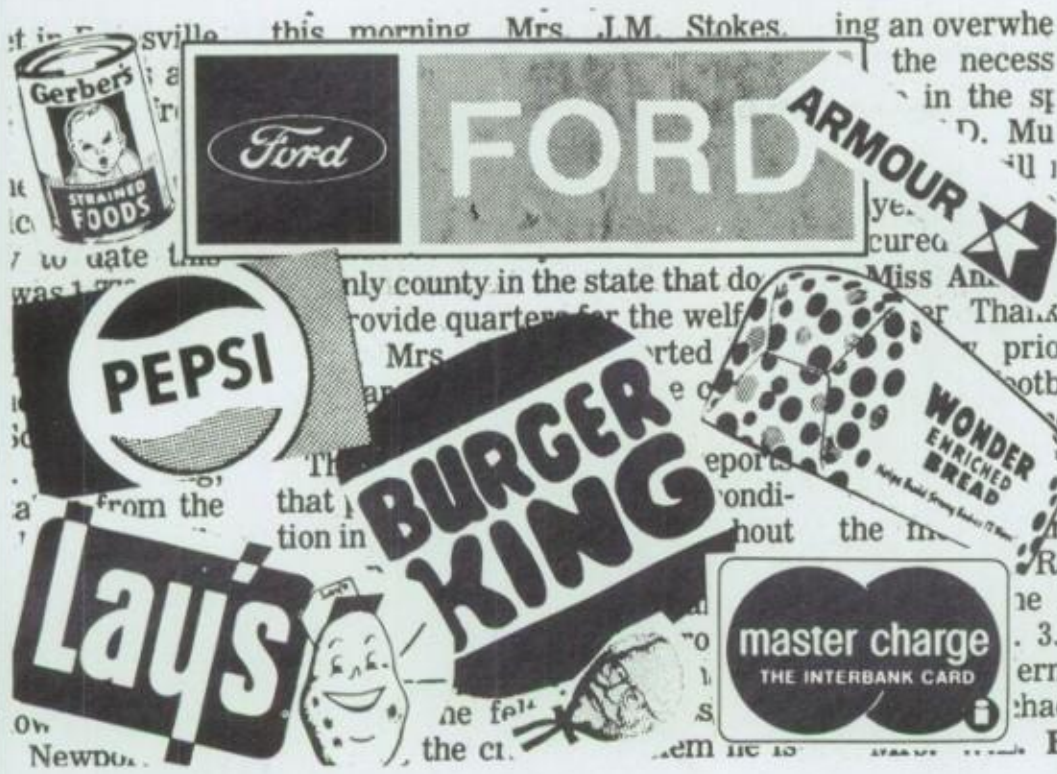

Onward it crept with added strength
With never a thought of fear or pride,
It followed the light through the crevice's length
And unfolded itself on the other side.

The light, the dew, the broadening view
Were found the same as they were before,
And it lost itself in beauties new,
Breathing its fragrance more and more.

Shall claim of death cause us to grieve
And make our courage faint or fall?
Nay! Let us faith and hope receive —
The rose still grows beyond the wall,

Scattering fragrance far and wide
Just as it did in days of yore,
Just as it did on the other side,
Just as it will forevermore.

For each student, from the parent of one A Wish for you, My Child

If there could be only one thing
in life for me to teach you,
I would teach you to love . . .

To respect others so that you may
find respect in yourself

To learn the value of giving,
so that if ever there comes a time
in your life that someone really
needs, you will give

To act in a manner that you would
wish to be treated, to be proud
of yourself

To laugh and smile as much as you
can, in order to help bring joy
back into this world.

To have faith in others,
to be understanding . . .

To stand tall in this world and
to learn to depend on yourself

To only take from this earth those
things which you really need,
so there will be enough for others

To not depend on money or material
things for your happiness, but

To learn to appreciate the people
who love you, and the simple beauty
that God gave you and to find
peace and security within
yourself

To you, my child, I hope I have
taught all of these things,
for they are love.

Our Graduate's Prayer

So many roads where I may go,
Far more than two or three;
There's one thing now I'd like to know
Which is the road for me?
There's much to ask; there's much to know,
Far more than I can see.
To find, should I say "yes" or "no"
to take the road for me?
I must move on I cannot stay;
I pause on bended knee.
"Help me, dear Lord, so I can say,
This is the road for me."

WHERE DID YOU GO?

I try to think, I don't know when
She slipped away from me ...
That roly-poly, curlyhead
I cradled on my knee.

It seems just overnight it came ...
How could it so soon be?
She is no longer a little child,
But woman grown not yet is she.

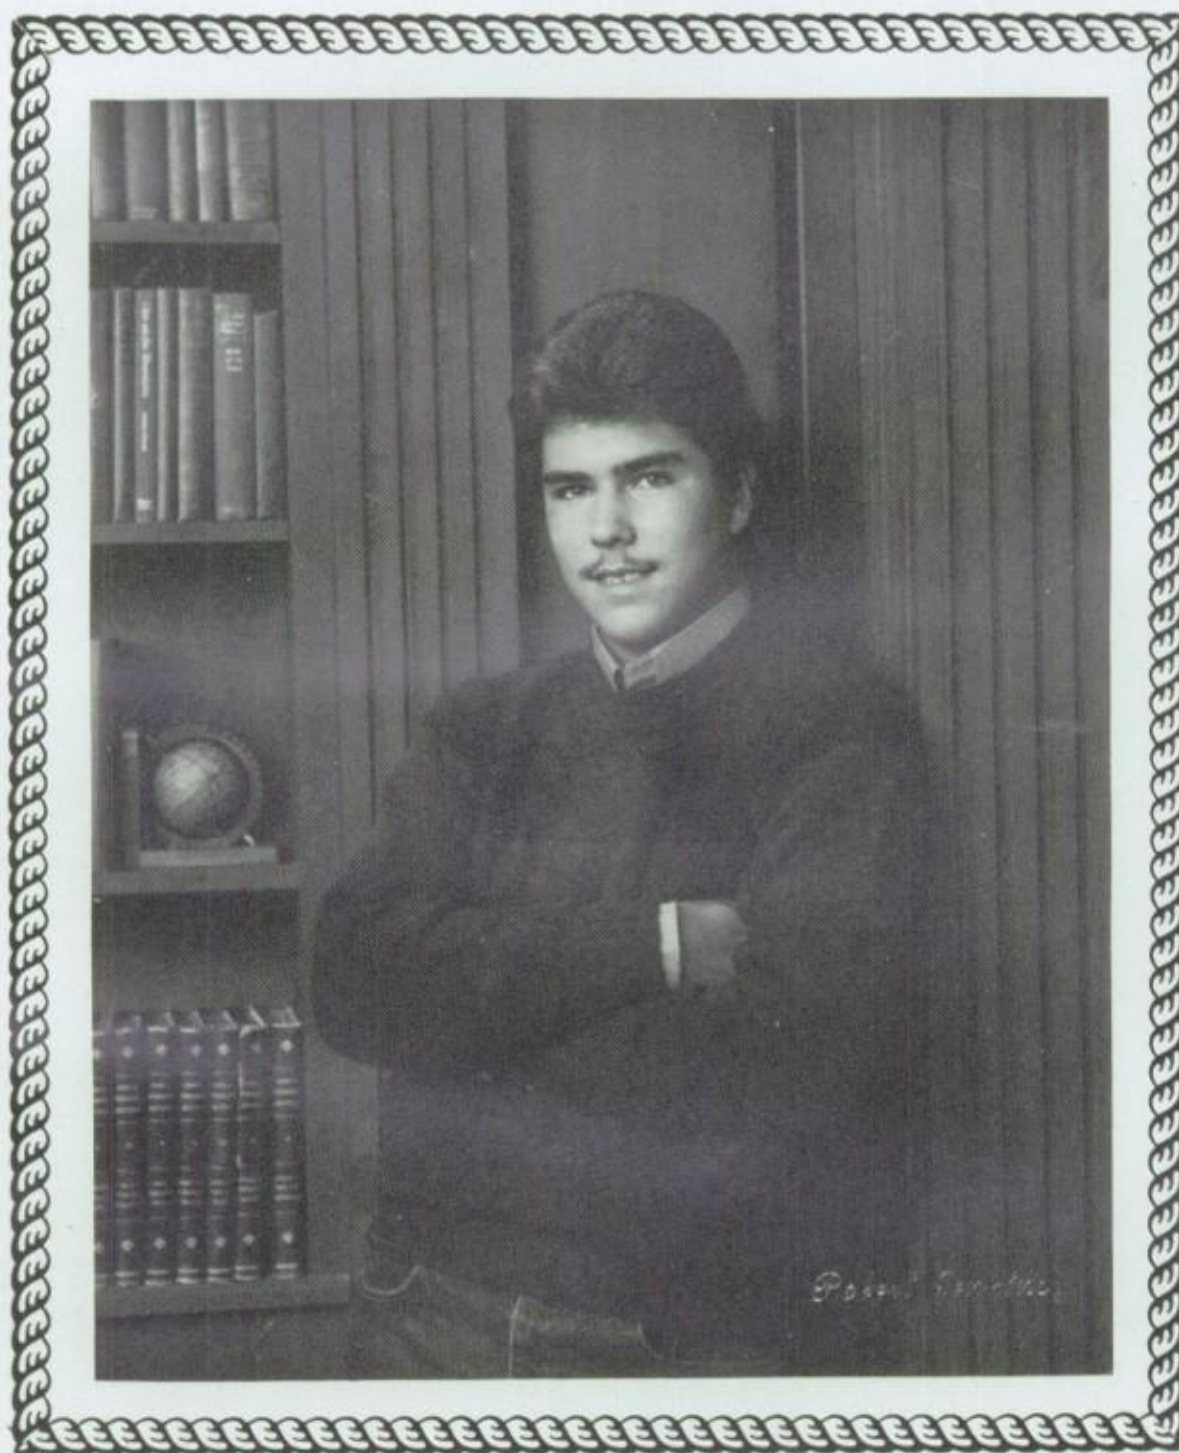

I'd like somehow to turn back time
To that enchanted dream-filled land,
And see her playing paper dolls
Or making pies of mud and sand.

Somewhere my baby slipped away
And in her place there stands
A lovely, eager, wide-eyed girl ...
My world in her two hands.

Good Luck
Keri!
Your Sis,
Monica
